

XIRA'S AUTOMATION BENEFITS AND RESULTS

EXCEL AUTOMATION AND DATABASE CLEANING

Our Excel Automation and data cleaning tool allows you to obtain automated reports, extract information from multiple systems, and generate concise and simple reports. All of which will facilitate decision-making in your company.

WHAT DOES THE SOLUTION INCLUDE?

EXCEL AUTOMATION AND DATABASE CLEANING

- Reporting:** includes graphs, tables, mathematical operations.
- Cleaning of dialing databases.**

BENEFITS

- Reduction of the operating cost** of the reporting areas and WFM.
- Clean dialing** databases depending on certain business rules, whether to filter Profeco blacklist, add whitelist, and validation of phones to the IFT, among other custom rules.

TECH SUPPORT
